"WITH THE ROPES OF THE
PAST WE RING THE
BELLS OF THE
FUTURE

Someone has said that the past is only the present become invisible and mute, and because it is invisible and mute, its memoried glances and its murmurs should be infinitely precious to us. We, the Senior Class of 1960--tomorrow's past, in order that the past year not be invisible, give to you these precious memories, which have helped carve our past on the Tree of Life. And so that the past is not mute, let these pictures recall the echoes of the happy and hectic life that flows through the halls of N.B.C.

DR. SAMUEL STEINBERGER, JR.

SUPERINTENDENT OF BEDFORD COUNTY PUBLIC SCHOOLS

"Among others, two main purposes stand out in education. The first is to give the student the opportunity to acquire a basic preparation for life. The second is to preserve and improve our American way of life. Both are necessary for happiness and usefulness."

SUPERVISING PRINCIPAL

We take this opportunity to commend the Class of 1960 for its enviable record of service and achievement as a part of the student body of Northern Bedford County High School.

While this Yearbook may call to mind many pleasant memories as you turn back to it in the years ahead, we would challenge you to look forward--always, to the unwritten pages of life with anticipation and a determination to fill each with a story increasingly exciting and creditable.

A great painter was once asked what he considered his best painting. His answer: "The next one." As you lead into the new decade may this spirit be your theme and inspiration.

HIGH SCHOOL PRINCIPAL

The curtain is closing on your High School career, remember always, as the curtain closes on one phase of your life, the lights of opportunity are shining brightly on your next step in growth. Use your minds and your talents to serve your God, your Country and Yourself.

To the Class of 1960, my most sincere wishes for a happy and prosperous future. You have been an interesting group and a very teachable group.

Mr. Snavely at work

H. J. Snavely

To students finishing high school this year of 1960 is a memorable and important one. It is also memorable because it celebrates the 151th birthday of a great American, Abraham Lincoln. May young folks think of him as having been a man who never did anything wrong nor made a wrong decision. He was known for making quick decisions and taking sudden seemingly queer actions, but sometimes even he hesitated. These things were often done because he had a very strong faith in what he thought was right and in spite of opposition he kept that faith.

In this atomic age where the world is our neighborhood, we need strong faith in individuals, we need educated minds that can think clearly, we need citizens who can help keep our freedom. As you go on in life, keep a strong faith in America and our way of life; think clearly and your public school education will have paid for itself many times over.

HISTORY OF N. B. C.

The Northern Bedford County School system was formed by joint agreement of five school districts of the area in June, 1957. This initial organization included the districts of Hopewell Township, South Woodbury Township, Woodbury Borough, and Woodbury Township. In October of 1959 Bloomfield Township became a member of the jointure.

Three small high schools were integrated into one secondary school program, and the students re-assigned to the existing buildings by grade groups. Thus, as the waters of the mountain springs merge into larger and stronger streams, the high schools of Woodbury, J. Leonard Verloore, and T. P. Smith were the "well-springs" for the new Northern Bedford County High School.

Five elementary school centers were contained in the jointure area--Bloomfield, Woodbury, Verloore, Smith, and Hopewell. The latter building was closed permanently in September, 1959.

Several items of "ancient" history are interesting to note. In the course of the consolidation movement of the twenties and thirties, a total of 12 one-room schools were closed in six districts. The oldest building still in use in the area is the present Verloore Shop which was built in 1811 and used frequently as a summer normal school for teacher training when our forefathers were teachers.

Thus, we inherit the proud history and tradition of our parent schools, we are challenged to extend this heritage as we look to the future in 1960.

BOARD OF DIRECTORS -- NORTHERN BEDFORD COUNTY JOINT SCHOOLS

A TRIBUTE

As a final parting thought, the Yearbook Staff and Committees find it an appropriate and pleasant act to pay homage to the teachers who have led us through our years of schooling. From the patient, firm, and kind elementary teachers to the junior and senior high school instructors, whom we learned to know well, these men and women have given of themselves unselfishly and unceasingly; to them we give the best we have: our highest respect and honor.

You are the most influential people some students will ever meet; years from now when many big events will have been long forgotten, our teachers will be recalled again and again when we remember a lesson well learned or a much-needed hand in friendship or sympathy. "The Lord bless you and keep you . . ." as you continue to guide students toward higher learning.
